

MHUDI

Coaxed From the Best Bush vines

MHUDI BOUTIQUE FAMILY WINE FORO'S LEGACY 2018

The Mhudi Wines are made from grapes of dryland vineyards, which showcase the uniqueness of the wines grown in this testing terroir. The wine is made in a new world style, complex with ample fruit and structure.

Vinification

The grapes are harvested from vineyards with soils that are mainly decomposed granite and glenrosa. The vines are in natural balance, giving a low yield of 7 tons per hectare to enhance fruit complexity.
